CASTRO HAS A LUNCHEON MEETING WITH PRESS IN NATIONAL CAPITAL TODAY

BULLETIN

WASHINGTON (AP)—Prime Minister Fidel Castro, in the full uniform of his Cuban revolutionary army, today paid tribute to unknown warriors of the United States. Solemn faced, he laid a wreath of pink and white carnations and lilies at the foot of the tomb of the unknown in Arlington National Cemetery. Instead of the usual open-necked shirt, Castro wore jacket, white shirt and black tie with no decorations.

By JOE F. KANE

WASHINGTON (AP)—The Cuban people are more interested in getting back to work than having free elections right away, says Fidel Castro.

But the bearded revolutionary leader adds he wants free elections in Cuba as soon as possible. He's not sure when that might be.

Real democracy is not possible where people are hungry, Castro said in a television interview Sunday night.

He had another chance to expound his views today, in a luncheon appearance before the National Press Club.

Castro and Vice President Richard M. Nixon talked for two hours and 20 minutes at the Capitol Sunday night in a conference originally scheduled for 15 minutes. Neither disclosed what they talked about, but Castro described the meeting as very friendly.

"This is a revolution," he told his television audience. "We have to attain many problems. We are working. As many more people help us, the more we will be understood and the faster we can dissolve our problems and the faster will be the election, because we are most interested in them."

"In the past the politician went through the country buying votes, offering money to those who were unemployed, offering a bed in the hospital, offering a place in the schools, offering to buy the vote. There was a lot of corruption."

"Real democracy is not possible over hungry people, because corruption disrupts democracy. Real democracy ought to be established with all over social justice and employment for everybody."

The bearded Cuban prime minister was asked during the interview when he intended to have an election in Cuba.

"What we want," he said, "is to get as soon as possible a condition for a free election. It is not in any condition more than four years, in any condition."

As for where his heart lies in the struggle between communism and democracy, he said "really, same as democracy." He added "I am not a communist."

He does not have many Communists in his government, but it is possible "that there be someone."

Two Law Students on State Senate Payroll

HARRISBURG (AP)—Official records show that the son of U.S. Rep. John H. Dent (D-Pa.) is on the state Senate payroll while attending Dickinson Law School.

The same Senate records disclosed that the son of Sen. Ernest F. Walker (R-Cambria) is receiving per diem pay from the state Senate, also while attending Dickinson Law School.

The records made public over the weekend, show Ernest R. Walker, 26, receives \$56 a week as an assistant mail clerk.

John Fred Dent, 25, receives \$49 a week as a Senate clerk.

Both are carried as per diem employees receiving pay for a full seven days each week. Walker is paid \$8 a day and dent \$7.

Birthplace of Harry Truman Dedicated as Public Shrine

LAMAR, Mo. (AP)—"It's like being buried and dug up while you're still alive."

That was former President Harry S. Truman's comment Sunday when the little house in which he was born was dedicated as a public shrine.

"I'm glad they dug me up," Truman added, with a grin.

He told a cheering crowd of 2,000 that usually "they don't do this to former presidents until they have been dead 15 years."

Truman, who will be 75 May 8, said he was overwhelmed by the tribute.

The six-room, white frame cottage was bought by the United Auto Workers Union for \$6,000 and given to the state of Missouri. The deed was handed to Gov. James E. Blair by Leonard Woodcock, UAW international vice president. The State Park Board has restored the house, furnished it in

Tires of Working 126 Hours a Week

PITTSBURGH (AP)—A police officer in suburban Peters Twp., with what he calls an average work week of 126 hours, has resigned. Robert Clark says he's going to take a job as a laborer in a cemetery.

Based on his monthly salary of \$325, Clark said he was averaging less than 25 cents an hour. He also objected to having no days off and no paid vacation.

Young Mother Is Critical After Killing 2 Tots

CINCINNATI, Ohio (AP)—A 23-year-old woman who police say shot and killed her two young daughters is in critical condition at St. Elizabeth Hospital here today after an unsuccessful suicide attempt.

Officers said Esther Detisch of Covington, a Kentucky community across the Ohio River from here, killed the girls, Cynthia, 6, and Kathy, 5, Sunday as they slept. A short time later she shot herself in the chest, police said.

Mrs. Detisch apparently was despondent over losing her job last month as clerk in the Covington city assessor's office, authorities said. She was fined \$125 for breach of the peace and resisting arrest after refusing to move her car from a parking lot reserved for city officials.

She was suspended from her job March 24, and resigned two weeks ago as the time neared for a Civil Service hearing on her case.

Mrs. Detisch, who worked nights as a hat check girl at a nearby night club, was separated from her husband.

Polaris Rocket Fired Today at Cape Canaveral

CAPE CANAVERAL, Fla. (AP)—The Navy's trouble-plagued Polaris test rocket rumbled aloft today.

The 28-foot missile, that ultimately will be fired from ocean proving nuclear submarines, gushed out a big trail of black smoke as it rose at 10:30 a.m.

It was the first appearance of the Polaris at the Cape since Feb. 27 when the trim rocket broke up shortly after liftoff.

The Polaris is the same shape and size as the operational version. Today's was the sixth flight in seven months as a two-stage rocket. On the previous trips the missile exploded three times and fizzled in the sky on two other efforts.

The solid-fuel rocket, crowned with a bright orange nose, left a black trail in its wake as it knifed through a thick bank of clouds.

CHILD HEALTH DAY!

AUGUSTA, Ga. (AP)—President Eisenhower today designated May 1 as Child Health Day.

"I invite all citizens to reassess on that day the ways to provide full opportunities for healthy growth and development of our children," he said in a proclamation.

A.P. Meeting Hears Treasurer Anderson

NEW YORK (AP)—Secretary of the Treasury Robert B. Anderson said today it would be immoral to postpone paying off part of the record national debt in prosperous times.

Furthermore, Anderson declared a budget surplus that would permit debt repayment is one of the steps required to head off inflation.

"We must realize that long term economic growth in real terms can be achieved only without inflation," Anderson said in a speech prepared for the annual meeting of The Associated Press.

Discoverer II Said To Be "On Way Down"

LOS ANGELES (AP)—Discoverer II is on the way down. It may have already perished, according to an Air Force spokesman.

He said the shape of the satellite's orbit indicated it would burn up in the atmosphere between 7 a.m. EST today and 10 a.m. EST Tuesday.

Discoverer II was fired into a polar orbit April 13 from Vandenberg Air Force Base, 150 miles north of here. It ejected its nose capsule over the Arctic. The cone is still being sought.

Leader of Rightist Revolt in Bolivia Reported to Have Taken His Own Life

HERTER IS FORMALLY NOMINATED

CHARLESTON, S.C. (AP)—Christian A. Herter, whose formal nomination as secretary of state goes to the Senate today, left this morning for Washington after a brief rest at his sprawling plantation near here.

Herter, accompanied by half a dozen aides, was met at Charleston Air Force Base by Col. Franklin Henley, commander of the 1608th Air Wing.

AUGUSTA, Ga. (AP)—President Eisenhower today formally nominated Christian A. Herter to be secretary of state.

The nomination of Herter, 64, now undersecretary, to succeed cancer-stricken John Foster Dulles was sent to the Senate from the President's vacation headquarters.

Herter is scheduled to go before the Senate Foreign Relations Committee Tuesday. Speedy committee approval and Senate confirmation of the nomination have been predicted.

The President was reported well pleased by the reception of the Herter nomination, at home and abroad.

In his first major assignment in the cabinet post, Herter will represent the United States at a Paris meeting of Western foreign ministers starting April 29. That group will go to Geneva May 11 for conferences with the Soviet foreign minister in an effort to ease East-West tensions.

Eisenhower plans to end his two-week vacation Tuesday afternoon and fly back to Washington.

By JACK BELL

WASHINGTON (AP)—A trickle of complaints to its Foreign Relations Committee seemed unlikely today to delay Senate confirmation of Christian Herter as secretary of state.

Committee aides said they had received some verbal protests, from persons they didn't name, that Herter's physical condition would hamper his activities in the top diplomatic job. No formal objection has been filed, however.

Herter has suffered from arthritis of the hips which makes it painful for him to walk any distance or stand for long. However, he underwent a physical examination at President Eisenhower's request and White House press secretary James C. Hagerty reported (Turn to Page Ten)

First Vote on New Labor Regulation Measure Tuesday

WASHINGTON (AP)—Senate Republicans caucus today to work toward a more unified position at the outset of the voting on the Kennedy labor regulation bill.

The Senate debate on the bill reaches the showdown stage this week, with the first vote set for Tuesday afternoon.

Republican Leader Everett M. Dirksen (R-Ill.) said in advance of the conference of all GOP senators that consideration would be given to a move which would bring the initiative on a key Eisenhower administration proposal.

As it stands now, the first roll call will come on an amendment by Sen. Sam J. Ervin (D-NC) to knock out the measure all changes it would make in the 12-year-old Taft-Hartley law.

Some of these changes long have been sought by labor. AFL-CIO leaders have said they would switch their stand and oppose the bill if the changes are eliminated.

Five-Year-Old Drives Car Into Supermarket

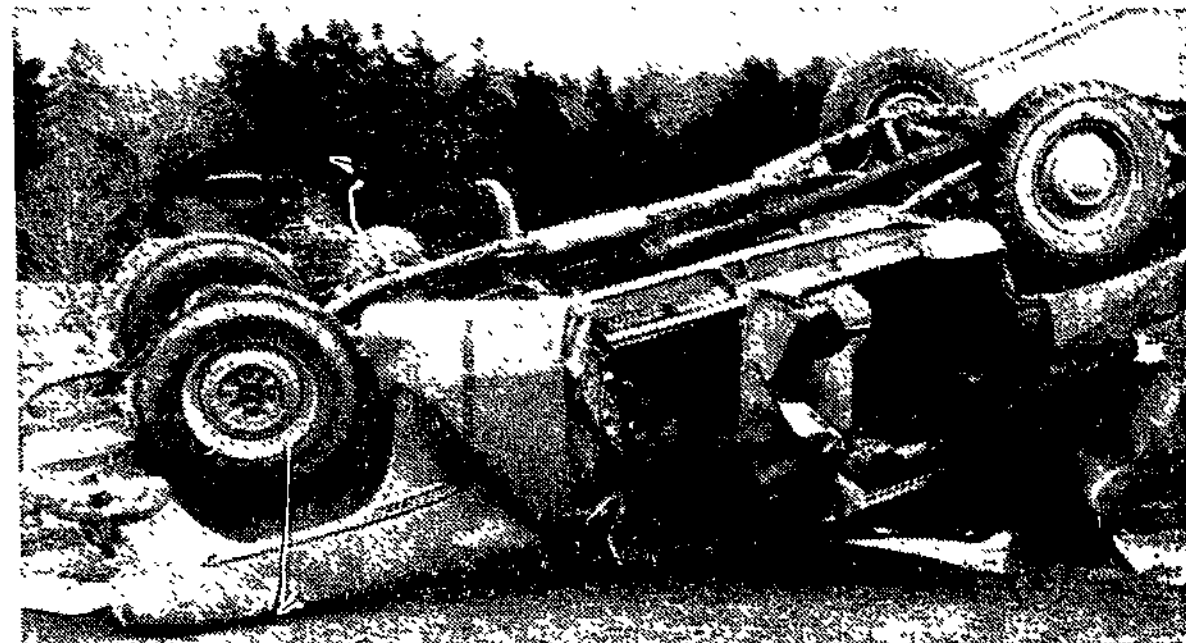

MIAMI, Fla. (AP)—Deputies who rushed to a supermarket to answer a burglar alarm found a plate glass door smashed and a tiny, 5-year-old car inside.

The driver was Gregory Skeen, 5, who had driven straight through the door.

The boy had been practicing driving in the store's parking lot, police said. He wound up in the hospital with minor cuts and bruises.

No charges were filed. The boy's daddy, Maj. Henry B. Skeen, said he will pay the \$300 damage bill.

One Dead in Crash Near Lottsville

With more and more accidents to set a picture for others, highway mishaps continue to take more lives than a war between nations. Above shows remains of a 1951 car which was wrecked on the Lottsville road Sunday afternoon. Results of the roll-over: one dead, two injured.

Iron Discipline Is Enforced in Montana Prison

DEER LODGE, Mont. (AP)—Iron discipline behind their cell doors took the place of a 36-hour madness for 433 inmates of the Montana State Prison today.

Armed National Guardsmen whose early morning blitz foiled a convict escape try and rescued 21 hostages continued on duty.

The soldiers and prison guards began a search of the prisoners Saturday, within hours after the uprising was quelled. Two convict ringleaders died in the furious action which ended the worst prison incident in years. A deputy warden was slain late Thursday.

Warden Floyd E. Powell ordered the convicts to their cells, without privileges, they are being given sandwiches and coffee in their cells.

Powell said he expects to conduct extensive convict interviews to pinpoint the cause of the violence that began last Thursday.

An estimated 15 convicts were said by officials to have planned and executed the revolt. Warden Powell described the rebellion itself as a clever cover for the prisoners' efforts to tunnel to safety—an effort that failed when the diggers ran into an underground concrete slab.

The troublemakers, Powell said, have been isolated. They were given a change of prison clothes, a bucket and a mattress.

Citizen Group Protests Foreign Aid Program

WASHINGTON (AP)—A citizens group told Congress today there is a "giveaway philosophy" in foreign aid which encourages waste, extravagance and corruption at home and abroad.

It criticized military aid on the grounds that "if war comes there is a strong possibility that to survive, many of our allies will elect neutrality lest they be incinerated."

The volley of criticism came from the Citizens Foreign Aid Committee in testimony to the House Foreign Affairs Committee.

Spokesmen for the group were its chairman, Walter Harnischfeger, president of the Harnischfeger Corp., Milwaukee; and its national director, retired army Brig. Gen. Bonner Fellers, Washington.

The group, which says it is not isolationist, earlier had asked that foreign aid be cut in half now and abolished in three years.

Dem Floor Leader Pushes Remainder Of Tax Program

HARRISBURG (AP)—Rep. Stephen McCann, Democratic floor leader, today began sounding out feelings of his party members on passage of Gov. Lawrence's remaining tax proposals.

The Greene County lawmaker said he would make no predictions until later today on how many votes he can muster among Democrats for the 12 remaining tax measures proposed by Lawrence.

Among the measures pushed aside in a compromise move last week when the Legislature approved Lawrence's 3 1/2 per cent sales tax were proposals to extend the tax to beer and liquor sales and auto trade-ins.

The beer and liquor sales proposals has been given House Committee approval and could be passed by that branch this week. The lawmakers reconvene today.

Lawrence himself prepared over the weekend to sound out sentiment himself. He called a meeting for Wednesday to discuss the Commonwealth's financial situation with some 70 representatives of schools and organizations affiliated with state agencies which receive the bulk of state aid.

On the Republican front, Rep. Albert W. Johnson, GOP floor leader, said he will wait for tax revenue reports for this month before (Turn to Page Ten)

Husband of Joan Crawford Found Dead in His Bed

NEW YORK (AP)—Soft-drink magnate Alfred N. Steele, husband of actress Joan Crawford, is dead at 57. He died in his sleep of a heart attack early Sunday at his lavish penthouse, just off Fifth Avenue.

Miss Crawford found him dead in bed about 9:30 a.m. He had gone to bed around midnight, commenting he felt unusually tired. Miss Crawford was placed under a physician's care.

In 10 years with Pepsi-Cola, Steele introduced radical changes that tripled sales. He was board chairman and executive officer of Pepsi-Cola at his death.

Steele and Miss Crawford eloped in May 1955. She described their marriage as more exciting than some of her screen roles. It was his third and her fourth.

After the marriage, Joan, now 51, dropped her career and shared his life as a busy executive. "Ours is a husband and wife team," she said. She once estimated they had flown 125,000 miles around the world.

At least nine people died accidentally in Pennsylvania over the weekend, seven of them on the highways.

The other two victims were hit by trains. It was the third lowest weekend death toll of the year. Last weekend the toll was eight and the weekend before, four, the low for the year.

Nine Dead in Fatal Accidents in State

Wet, stormy and cool weather prevailed across most of the eastern half of the country today. A spring storm in the Rockies and northern plains appeared tapering off.

Heavy snows and unseasonable cold spread over Colorado and Wyoming. Snow at Pinedale, Wyo., measured 13 1/2 inches. The snowfall tapered off over southern Iowa, South Dakota and Nebraska.

New morning snow, much of it melting as it hit the ground, spattered northern Illinois and Indiana and southern Michigan. The snow, mixed with rain, was expected to move eastward into the mountains of Pennsylvania and New York.

Temperatures edged to the mid-winter range in the Central Rockies. Leadville, Colo., had an early morning low of 10 above

zero, coldest in the nation. The major wet belt extended from the central Rockies eastward to the Atlantic Coast and southward into the lower Mississippi Valley. Thunderstorms, hail and strong winds hit Missouri and extreme northern Arkansas and headed into southern Illinois and western sections of Kentucky and Tennessee.

Showers were reported in scattered areas south and southwestward through the lower Mississippi Valley and parts of eastern Texas, throughout the Ohio Valley and into the middle Atlantic Coast states. Scattered showers also sprinkled areas along the East Coast to eastern Florida.

22 DEAD AND 50 WOUNDED IN UPRISING

LA PAZ, Bolivia (AP)—The leader of Sunday's short-lived revolt committed suicide after his rightist uprising was crushed, the government announced today. At least 22 persons were slain, and more than 50 were wounded in the course of the attempted coup.

The government of this poverty-plagued nation said Oscar Unzuaga de la Vega, head of the Falange party, took his life Sunday night in a house in the outskirts of this capital in which he had hidden. His bodyguard, Juan Gallardo, also shot himself to death, the government announcement said.

President Hernan Siles Suazo announced the defeat of members of the Falange party who tried to seize the city hall Sunday, attacked an army barracks and marched on the government radio station and municipal offices.

Government forces broke up the attacks and then began a cleanup of Falangist rebels.

Many of the wounded were reported to be bystanders caught in the crossfire between government forces and insurgents.

Two insurgent leaders were captured: Rafael Loayza, a retired colonel, and Luis Saenz.

A government radio station said Siles had declared a state of siege—modified martial law—throughout the country.

There were no reports of trouble outside of La Paz. The government said it held control of all provincial capitals. Official reports from Cochabamba and Oruro said peasants and workers had joined the government militia in controlling those cities.

The Falange is the main opposition to Siles Suazo's Nationalist Revolutionary Movement (MNR), which led a successful revolution seven years ago and won more than 80 per cent of the votes in national elections in 1956.

The president in a broadcast Sunday night said the revolt was planned by Falange head Oscar Unzuaga de la Vega and Carlos Victor Aramayo, whose large tin (Turn to Page Ten)

Rebel Threats Keep Algerians From the Polls

ALGIERS (AP)—Voting in Algeria's week-long municipal elections limped along today with rebel threats and attacks keeping the turnout small.

Unofficial reports said at least 16 persons had been killed and nearly 70 wounded so far by rebel terrorists seeking to sabotage the voting ordered by the French.

The voting began Sunday. In the city of Algiers, 45 per cent of those eligible balloted. In the countryside—where the French army is in direct control—some 60 per cent braved the threat of rebel reprisal.

Early returns from three wards in Algiers gave a lead to an extreme right wing faction favoring Algerian integration with France and an end to the government of President Charles de Gaulle.

Although only municipal offices are at stake, the campaign centered on a struggle between backers and opponents of de Gaulle.

Inoculation Damage Suit Slated for October

Erie County Judge Burton K. Laub dismissed a deadlocked jury in a damage suit involving inoculation of a cow. The case was carried over to the October term of court.

The jury deliberated four and one half hours without reaching a verdict in the suit last week.

Mr. and Mrs. Corrington Alford, Union City RD 1, are seeking some \$12,500 in damages from two state troopers who they claim manhandled them on their farm in August, 1956.

Troopers, James Bailey of the Warren substation and Peter Noyales of Girard were accompanying three Pennsylvania Bureau of Animal Husbandry employees who went to test a cow for Bang's disease. They had a warrant to make the test.

Judge Laub dismissed charges against the bureau agents but refused to drop the case against the troopers.

Mr. Alford claims that he and his wife were forcibly held, aggravating his heart condition and injuring Mrs. Alford's arm.

STEALS AUTOMOBILE

An arraignment will be held here today for Gary Nichols, 19, of Titusville RD 2, arrested Saturday for stealing a car. The youth was arrested by an off-duty Oil City police lieutenant while traveling in that city. The officer stopped the car because it had no 1959 sticker on the plate. Charles Condon, 20, also of Titusville was driving the stolen car and a 15 year old Titusville youth accompanied Nichols when the theft occurred. Nichols stole the car near enterprise, the vehicle being owned by Orville W. McKenzie of Grand Valley RD 1.

SNOW THIS MORNING

Although most people would prefer to look the other way, a slight touch of snow was noted at 11:00 a. m. this morning. It quickly took on the appearance of a mild shower, however, and the reporter decided not to venture another glance out the window.

Sugar Grove Herd Is High Monthly Average

March testing by Warren County Dairy Herd Improvement Association shows a new high monthly average. The herd, with an average of 1540 lbs milk and 53 lbs fat, is owned by Mrs. John Anderson, Sugar Grove.

The Association's examination found next in line Edward Day, Youngsville, 1401 lbs milk, 51 lbs fat; Lester Peterson, Pittsfield, 1307 lbs milk, 51 lbs fat; Leigh Smith, Pittsfield, 1294 lbs milk, 47 lbs fat; and Virgil Williams, Akeley, 1286 milk, 46 lbs fat.

Complete lactations for this period show following top ten individual records, all milked

two times daily, 305 days or less:

Elaine, owned by Lester Peterson, Pittsfield; No. 78, owned by Ed Day, Youngsville; No. 14 owned by Richard Lindell, Akeley; No. 18, Richard Lindell; No. 59, Lindell brothers, Akeley.

Also No. 4054, owned by State Hospital; No. 48; Ed Day; No. 16, Richard Lindell; No. K5043, owned by State Hospital; and No. 26, owned by Ed Day.

Elaine Schlosser, assistant County Agent, reported all high herds, as well as high individual animals, were of Holstein breed.

Compact Booklet Contains Annual Report for Borough

Available at the Municipal Building is a compact booklet containing the annual 1958 report for Warren Borough. The cover is what has been described as an outstanding photo of the Municipal building by A. Aubrey Bodine, made for Baltimore Life Insurance Co. Contents reveal various activities and accomplishments of Warren Borough during 1958. Income and expenditure report shows that the general fund income last year was \$411,000 and expenditures amounted to \$407,700.

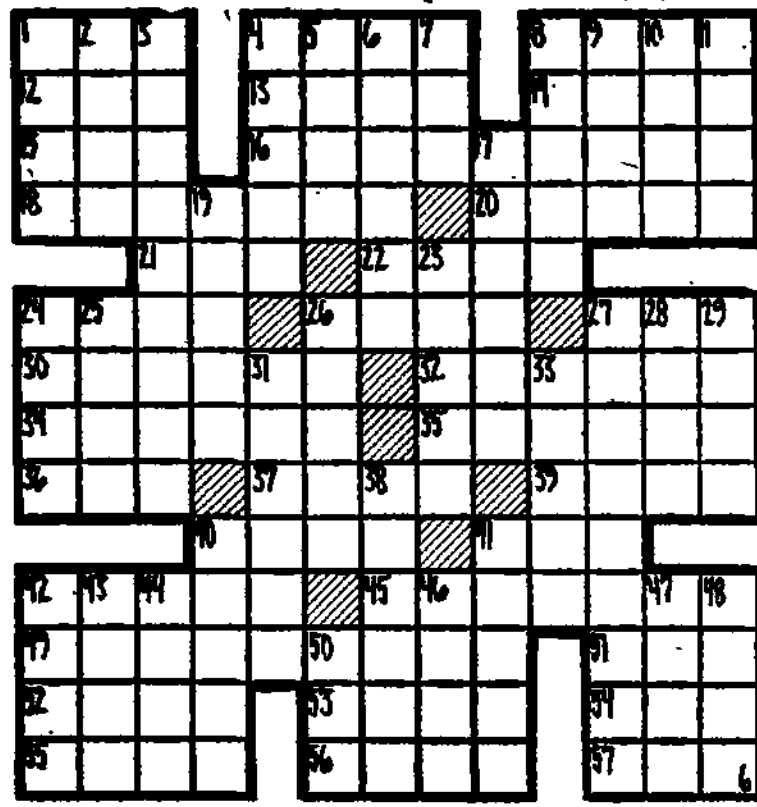

General government had six full time personnel. Activities included adoption of Group Insurance Plan; revision of method of placing Tax Collector's Bond in co-operation with County commissioners and Warren school district which effected a considerable saving in premiums; a total of \$1,251,846 in building and zoning permits issued; fourth avenue taken over by Dept. of Highways. General maintenance division had services of 18 workers. Their accomplishments included pavement of dirt streets, resur-

facing of paved streets, installation of six fire hydrants, bridge work, completion of Dept. of Forests and Waters flood control project on lower Glade Run; initial work on widening of Jackson avenue. Snow removal last year cost \$9,500, using 588 tons of cinders, 125 tons of salt and 48 tons of chloride. Sanitary division saw the opening operation of sewage disposal until on Dec. 27. Extensive sanitary sewer cleaning operations were performed. Fire Dept. saw a busy year, also. They conducted fire school, first aid class, responded to 179 calls, acquired service truck with integral mounted ladder for fire alarm circuit and hydrant service, inspected schools, stores and factories and held

fire drills, and installed a two-way radio hook-up between Police and Fire Depts. Picnickers made use of the new facilities of Crescent Park. Park Dept removed 72 trees and planted 115 along borough streets. New office and much needed shop facilities were constructed. Attendance during 10-week summer season at the seven playgrounds was 70,000. Attendance at Beaty Ice Rink on 31 skating days during supervised periods amounted to 19,660. Police Dept. saw plenty of action. They had extensive training of CD auxiliary police, cable to permit emergency flashing of all traffic lights was installed. They collected \$9,000 in fines and \$23,000 from 327

parking meters. Parking authority completed plans for the 280 additional off-street parking metered spaces. Health department made annual inspections of all dairies delivering milk into Warren; semi-annual inspections of public eating and drinking places; quarantine and release of all communicable diseases; investigations. The booklet reveals plans for 1959: purchase of 750 GPM pumper for fire Dept., resurface paved streets as far as financially possible, construct picnic shelter at Crescent Park, adopt fire prevention code, revise police pension ordinance, install sanitary sewer in Hill street. Also repair wall at Public Way and Fifth avenue west.

build storm sewer on East Third, complete flood control project on upper Glade Run, complete widening of Jackson avenue, report on flood control by Borough engineer, active support of Kinzua Dam construction. Interesting facts concerning Warren Borough notes that it was incorporated in 1837, named in honor of Gen. Joseph Warren. The borough has 802 square miles and a 14,349 population in 1950 census. Warren has 39.77 miles of sanitary sewers and 17.68 miles of storm sewers. Paved streets total 28.5 miles, dirt 14.1 miles. There are 55 miles of sidewalks. Buy U.S. Savings Bonds

News of Hollywood

By BOB THOMAS
 AP Movie-TV Writer
 ISHPEMING, Mich. (AP)—The personality who attracts the most attention from people watching the filming of "Anatomy of a Murder" is tall, wry Eve Arden. The reason is simple: television. Fans and visitors at the Mather Inn where the movie troupe is quartered often pass up players who work only in films. They want to know all about Eve and often ask, "Why aren't you making 'Our Miss Brooks' any more?" This is heartening to our Miss Arden, who hasn't done the Brooks series for three years. Yet it continues to play and play, bringing her added fame, if no more money. She sold out her interest for a healthy chunk that will be coming in over a period of years. The question at this point in her career is: What next? She and husband Brooks West are in "Anatomy," her first theatrical

film in seven years. We won't count a full-length version of "Our Miss Brooks" which failed to break any box office records. Will she try another TV series? "I don't think so, not for another year, anyway," she said. "I've had offers, but I think it is too soon to return. I got bitten by the play bug when I did 'Auntie Mame' on the Coast last year. I'd like to go back to Broadway for a year. "I was originally supposed to do 'Marriage-Go-Round,' but I got tied up in another series. Now Leslie Stevens is writing another play, and if it turns out well, I may do it."

Yield Highest on Early Oats.
 Tests in Pennsylvania for several years show that delay in seeding spring oats has decreased yields as much as one bushel per acre or more for each day of delay, according to Asst. County Agent Blaine Schlosser. In 1958 the Pennsylvania Agricultural Experiment Station conducted a spring oat date of planting test using three dates of planting. Yields of Garry and Clinton 59 varieties averaged as follows: April 16, 77.7 bushels per acre; April 25, 61.2 bushels per acre; and May 13, 43.0 bushels per acre. This was an average decrease of 1.28 bushels per acre for each day of delay. Schlosser says early seeding refers to what is considered "early" in this area. Do not "mud" oats in.

Y. W. C. A. WEEK
Once again, as in April about this time every year, we have with us National YWCA Week (April 19-25). During this week, in each of 1600 communities throughout the country fortunate enough to have a YWCA of its own, special programs and observances will interpret the work of the YWCA and its role in the community. The theme for this week's celebration is "Looking Ahead with the YWCA". It is a timely and particularly apt theme. If ever there was a time for looking ahead, it is now. Today's world is a world of drastic change and startling pace because we are at the beginning of an entirely new era—the atomic era, the Age of Science and Space. Our community is fortunate to have had the YWCA work for us for forty-five years. We urge you to visit your local association this week and find out the benefits the organization offers.

CIVIL DEFENSE ALERTS
Press dispatches carried over the weekend concerning the national Civil Defense alert held Friday would seem to indicate that cooperation on the part of Warren County residents was much better than that experienced in other parts of the state and country. It is gratifying to note that officials in charge of the test in this county have expressed high praise and appreciation for the interest shown by citizens generally.

State Civil Defense Director Richard Gerstell, on the other hand, is quoted as saying reports from the state show there is still a need to teach persons the difference between various signals. He does report, however, that the results reveal a definite improvement in the Conelrad radio warning set up and good public participation based on taking cover and following instructions at the appropriate signals. Confusion was reported mainly in larger centers of population, such as Philadelphia and Allentown.

BEER AND SPEED!
Speed that may have been mixed with too much juvenile consumption of beer, purchased in a New York State grocery is blamed for the latest fatal accident in Warren County, resulting in the death in the Corry Hospital Sunday evening of a 21-year-old North East youth. Two brothers, 16 and 17 years of age, are in serious condition in the hospital with injuries suffered in the crash late Sunday afternoon on Rt. 957, Freehold township, between Lottsville and Columbus. Corry State Police say the eldest of the two brothers was the driver, and that they have evidence that the boys had each consumed at least three bottles of beer before or during the fatal trip.

WORLD TODAY
By WILLIAM L. RYAN
Associated Press News Analyst
Some State Department analysts are intrigued by a chance that what seems a brilliant Communist success in the Middle East may prove to be a troublesome and even dangerous headache for Moscow.
The speculation seems justified that events in Iraq can cause trouble for the Kremlin. Soviet Communists for years cheerfully based their confidence on what they called capitalist contradictions. They have many of their own—perhaps more than the West has suspected. One seems to be emerging now.
Deep-rooted Russian imperialist tradition and the awkwardly inflexible dogma of Marxism-Leninism may be colliding with 1959 impatience.
A clue came early this year from the 21st party congress in Moscow, attended by Communist leaders from all over the world. Developing at that moment was the Iraq situation, with its look of golden opportunity.
To the Great Russians here was a chance to realize what the czars had vainly dreamed of for centuries: a foothold on the Persian Gulf. To the Communists, here was a chance to establish controlling influence for the first time in an important Arab oil producing area. But two things were in the way—Russian tradition and Communist dogma.
Moving out restlessly for centuries from the duchy of Moscow, the Russians did not overlap land barriers. In modern times, communism was imposed upon nations only where there was bordering Communist territory. Turkey and Iran lie between the U.S.S.R. and Iraq.
Communists label Iraq feudal, colonial and dependent. Dogma would require that Iraq now develop her "national bourgeoisie"

Here and There
Following interesting background about Young Women's Christian Association is reprinted from 1959 edition of World Almanac: YWCA "was founded in London in 1855 by a group of Christian women who met as a prayer circle and determined to improve the conditions of working girls by providing decent housing and good food for those living away from home. In 1858 the first American YWCA was started in New York City as the Ladies Christian Association to provide for the temporal, moral and religious welfare of young women who are dependent on their own exertions for support." Today the YWCA functions in 68 countries and has world headquarters in Geneva, Switzerland. The YWCA of the United States is at work in community associations' registered clubs and decentralized program in more than 1,800 communities and has student work in 628 colleges and universities. Through its Foreign Division and affiliation with the World YWCA, the National Board, 600 Lexington Avenue, New York City, sends American advisory secretaries, grants for program and leadership training to 22 countries abroad, and emergency aid in answer to requests for YWCA work in other areas overseas. In the United States it has three main groups: Y-Teens, girls and boys (boys are associates not full members) aged 12 to 18, Young Adults, employed girls, 18 to 30 and YW wives, young married women and mothers of preschool age children, who engage in educational and recreational activities and projects themselves. Membership is open to any female over 12 years of age who subscribes to the Christian purpose of the organization. The emblem of the YWCA is an inverted triangle, signifies mind, body and spirit. The organization tries to develop the potentials of the individual through promoting physical and mental health and training for useful citizenship. It urges cooperation among all, regardless of race or creed. The YWCA's policies are determined by the National Board, elected at national conventions, which are held every three years and attended by delegates from all local Associations. The YWCA is the parent organization of the National Travelers Aid Association, Women's Exchanges, Day Nurseries, the International Migrations. The YWCA is the parent Federation of International Institutes and the National Federation of Business and Professional Women's Clubs. It observes three special weeks: National YWCA Week, the last week in April each year; Y-Teen Roll Call Week, the second week in October, and World Fellowship Week, the second week in November.

★ EDSON IN WASHINGTON ★
Fidel Castro Still a Big Question Mark to U.S.
By PETER EDSON
NEA Washington Correspondent
WASHINGTON—(NEA)—In the weeks immediately preceding heeded Cuban Premier Fidel Castro's arrival in Washington, he has quieted down considerably.
Beating "Yanqui Imperialists" over the head is the expected, standard behavior for Latino politicians. But Dr. Castro has stopped breathing defiance of the United States, temporarily at least. He has had several sessions with U.S. Ambassador to Havana Philip W. Bonsal. He has submitted no programs, made no formal demands.
He has said publicly he wants U.S. credits and an upward revision of Cuba's export sugar quotas. Though he is not here on a visit of state, he will have a chance to discuss such things in unofficial conferences.
THE CATCH IS THAT CASTRO is still looked upon with considerable misgivings. He has yet to demonstrate clearly that he is now a responsible head of government.
His apologists say that his principal trouble is that he is young—only 32. He is impulsive—not a careful thinker. This may have made him a daring revolutionist. But it does not make him a statesman with whom the United States can do business.
He does not make speeches from carefully prepared texts. He says whatever comes out of the top of his head. Often he has had to admit later that what he said was wrong, and try to suck it back.
There was general relief throughout the Americas when the Castro revolution succeeded and the Batista dictatorship was brought to an end. Restoration of civil liberties and promised end of corruption that has plagued Cuba for decades looked good.
The picture was immediately changed by the brutality of the Castro trials and executions of Batista officials.
THE FREEDOMS GIVEN Communist agitators to ply their trade and move into positions of power in the government, the army, labor unions, press and the schools is now alarming even to Cubans. Communist agents who were active in Guatemala during the Arbenz regime have been identified in Cuba in numbers in recent weeks, operating unmoored.
Dr. Castro denies that he himself is a Communist. So does his brother Raul, now head of the army. But both of them have consistently avoided opportunities to show that they are anti-Communist. And they have fired anti-Communist.
When Castro first began to talk about distribution of land to the poor "campesinos," it was only the idle acres that were to be confiscated. Since then he has made several pointed references to United Fruit and other American land holdings in Cuba.
The Cuban treasury is practically empty. Best estimates now are that the Batista crowd stole about 450 of the 500 million dollars on hand seven years ago.
IN SPITE OF THIS, Dr. Castro has promised wage increases to everybody.
His earlier decrees, decreasing rents, have stopped practically all business construction. Unemployment is increasing, and Castro faces trouble on that.
He is an equally uncertain factor in the Caribbean.
At one time he threatened withdrawal from Pan-American Union unless it threw out all dictators. He has declared that exiles from dictator-ridden countries could base their revolutionary movements in Cuba.
It is for all of these reasons that Premier Castro's speeches in Washington are watched with interest, to see which way the man is leaning—and to size him up firsthand.

months back in the middle of March' Frost has known many Aprils and has few delusions about the seasons. Even Stephen Vincent Benet, speaking in urban terms, called it 'grimy April'. True enough, April can be lovely, spangled with bloom and the newest of young leaves. It can be, and usually is, melodized with the voice of song sparrow and robin, red-wing and oriole. And the call of the spring peeper is the very voice of April. But April can also be cold rain, raw wind and on occasion, snow. The cruelest aspect of April's tantrums, however, lies in the way they sometimes frost our hopes and expectations. We want to believe in that myth of gentle April. We want May in April. We are tired of winter's cold leftovers. Given a taste of spring in April, we want a full meal of it. And that's the gist of this whole matter of April."

HOW DO YOU FEEL ABOUT GROWING OLD?
Growing old is not as much of a problem as the fear of being old. Most of us resent and resist the aging process but do little to enjoy the present. Now is the time to live. Let's not waste a moment.
What is the attitude of the average middle-aged person toward growing older? Bernice L. Neugarten and David C. Garon, of the Department of Human Development at the University of Chicago, interviewed 625 men and women aged 40 to 70. Married couples were not included.
Each person was asked how he felt about being his present age, and to compare his health with others of the same age, how he had changed in the past 10 years, and how he felt about growing older. The majority (55 per cent) interviewed gave neutral responses to questions dealing with the present and the future.
Everything was fine—about the same as always. This was to be expected because life for many is bland; it goes along in the same old groove. Those who took a positive attitude toward the present were more likely to look to the future with optimism, and vice versa.
Approximately 18 per cent were somewhat skeptical about the future. To them, "growing older" would be fine if they stay healthy and don't become a burden to anyone. Many persons had negative attitudes toward the present (28 per cent) and the future (13 per cent). A few in this group considered their health below par. Women in the 55-70 bracket were more inclined along this line than were men of similar age.
The fear of loss of independence, health, and income was a common triad among those with negative and contingent attitudes. Fear of death was not mentioned. Fear of illness, blindness, and deafness was related to their becoming a burden to others.
As stated previously, it is not difficult to grow old. The problem is being old, which few of us get to be, as none of us will admit it.

W. R. writes: Why do I wake up with a headache if I sleep more than the usual eight hours?
REPLY
This question is difficult to answer. Headache may stem from whatever is making you oversleep, including overfatigue, a cold involving the sinuses, or the letdown that follows a strenuous week at home, the office, or the plant.
CROOKED PARTITION
R. L. writes: Does a deviated septum need to be operated upon?
REPLY
Only if it obstructs the nasal passageways, interferes with breathing, or encourages nasal and sinus infections.
PAIN IN NECK AFTER SURGERY
D. E. M. writes: I have heard women complain of discomfort in the neck after a hysterectomy. Are these two conditions related?
REPLY
In the cases you mention removal of the uterus and pain in the neck must have been coincidental. Occasionally the neck is twisted or pulled accidentally by the anesthetist during an operation, or when the patient is lifted off the operating table into the cart or from the cart into the bed.

Business Mirror
Editors' Note: Sam Dawson, AP business news analyst, is touring Europe. Today he tells how the American dollar is faring in Italy.
By SAM DAWSON
AP Business News Analyst
ROME (AP)—The American visiting or doing business in Italy today finds to his surprise that the Italian lira brings a premium over the American dollar. He ends up with less than the official rate.
The surprise is akin to that of recent years when the American dollar would buy only 96 to 98 cents of Canadian money.
Is the American dollar—once the most sought after of the world's currencies—slipping? Or is it just that the Italian lira, after a post-war period of weakness, is perking up?
The Italian treasury official or private banker, proudly points to the increasing strength of the lira. Italy's reserves in gold and dollars climbed by 855 million dollars last year to a high of 24 billion dollars.
So far this year there have been further gains. January in particular, bankers say, brought an unusual flood of American dollars. British pounds and Swiss francs into Italy in the form of investments.
This foreign currency increases the demand for lira. And its value rises. The official rate is 625 lira to the dollar. Banks now quote around 620 for the dollar. After exchange charges the American tourists gets even less.
Much the same thing has happened in Canada. Both the Italian and Canadian imports from the United States still outrun their exports to it. Normally this would keep the American dollar at its one-time premium.
But each country is getting American dollars in other forms—investments in stocks and plants and from tourists. In each case this outweighs the trade deficit. In each case the need to change dollars for the local currency to put it to work has led the lira and the Canadian dollar to a premium over the American dollar under the law of supply and demand.
Does the Italian think the American dollar isn't as good a thing to acquire and to save as he once did? Does he fear that the U.S. Treasury debt forbodes a new erosion of the dollar's purchasing power, perhaps at a greater rate than the continuing rise of the cost of living here erodes the lira?
Opinions differ.
An executive of a leading Italian bank doubts it. He says there is little sign that the Italian with dollars squandered away is switching to Swiss francs or English pounds as the safer currency.
The top executive of an American owned firm here, an Italian, believes such a feeling is developing. He thinks investors are beginning to put their holdings into other than American dollars.

Is Eastern Bride

Joycelyn I. Chapman, daughter of Mr. and Mrs. Arthur L. Chapman of Marblehead, Mass., and formerly of Warren, became the bride of Dr. Frank Austen, of Boston, son of Dr. and Mrs. Karl Arnstein of Akron, O., April 11 in Our Lady Star of the Sea church. White tulle and candelabra formed the setting for the ceremony performed at 3:00 p. m. by Father Curtin.

Wearing a princess-style gown of white tulle, with portrait neckline, long tapering sleeves, and bouffant skirt forming a chapel train, the bride was given in marriage by her father. Her brief veil was attached to a tulle headpiece which had been worn by her sister, Beverly, for her wedding; her white cascade bouquet was fashioned of sweet peas, centered with an orchid.

Matron of honor was Mrs. Frederick Zennoni of Levittown, Pa., who is the former Patricia Larson, daughter of Mr. and Mrs. Lester Larson of Warren; bridesmaids, Karen Chapman and Mrs. Donald Rutherford of Marblehead, sisters of the bride; Constance Halleran and Sheila McKivergan, of Boston.

All wore ballerina bell gowns of aqua silk organza and chandelier lace, with matching picture hats, and carried white tulle and lace fans, arranged with lavender sweet peas, purple and white streamers.

Dr. Gerald Austen was best man for his brother; ushers were Dr. Roman D. Sanctis and Dr. Jacob B. Brown, Boston; Donald Rutherford, Boston; and Jefferson Keener, Akron.

The bride's mother wore a steel blue chiffon sheath, matching accessories and a white orchid; the bridegroom's mother, navy blue peau de soie and lace sheath, lavender gloves and flowered hat, and a corsage of violets.

A reception and buffet supper for 225 guests followed at the Salem Country Club, where Jane McDonald, formerly of Warren, managed the guest book. Devotions were given

from Warren, Pa.; New York City; Huntington, Long Island; Akron, O.; Waterbury, Conn.; Boston, Marblehead, and vicinity.

The young couple left for a week's honeymoon in Bermuda, after which they will reside at 37 Anderson street, Boston, until July, when they will leave for Mill Hill, England, and Dr. Austen will begin a year of fellowship study at the British Research Institute.

Mrs. Austen is a graduate of Warren High School, Class of '53, also of Rochester School of Nursing and Simmons College, and is presently on the Simmons nursing faculty.

Dr. Austen is an alumnus of Western Reserve Academy, was graduated cum laude from both Amherst College and Harvard Medical School, and is presently senior resident in medicine in Massachusetts General Hospital in Boston.

MR. AND MRS. WILLARD L. FOLEY, JR.

Palms, with Easter lilies, mums, snapdragons and stephanotis, decorated Holy Redeemer church April 4 for the marriage of Regina Marie Coppola, daughter of Mr. and Mrs. Paul J. Coppola of 707½ Pennsylvania avenue, east, to Willard L. Foley, Jr., son of Mrs. and Mrs. Willard L. Foley, Sr., of 126 Conewango avenue and St. Petersburg, Fla.

Father Joseph H. Seybold performed the double ring ceremony at 11:00 a. m., Mrs. Thomas Donnelly playing traditional wedding music; Joyce Donaghy singing Schubert's "Ave Maria" and "On This Day, O Beautiful Mother"; and Joseph Guiffre singing Franch's "Panis Angelicus" and "Mother, At Thy Feet is Kneeling".

Escorted and given in marriage by her father, the bride was attired in imported silk organza, the bodice styled with bateau neckline and long sleeves with saxon points over the hands, the bouffant skirt accented with inset motifs of Italian embroidery and ending in a chapel train.

Her veil of imported English illusion fell fingertip length from a crown headpiece imported from Germany and fashioned of polished wax orange blossoms and hand-made bonibazine leaves. Her pearl earrings were the bridegroom's gift, her rosary was a gift from Rome, and she completed her outfit with a cascade arrangement of white stephanotis centered with a white orchid.

Wearing balloon-style gowns of lavender silk organza, her attendants were her sister, Judith Coppola, as maid of honor; Carol Anderson and Beth Proukou, bridesmaids. Their hats, designed by Marionat of New York, featured a lavender straw crown accented with a brim of starched tulle and surrounded by hand-made roses. Their nosegays of violets and stephanotis had streamers to match their gowns.

the time had not arrived when Communists could "overpower" the middle class where the opportunity palpably was at hand. In a situation like Iraq's, domestic Communists may strain at the bit. If Moscow should check them short of seizing the government, there could be serious repercussions, not only among Communists in lands far removed from the Red bloc, but from the impatient wing of the party in Moscow itself.

The little flower girl was the bridegroom's niece, Jody Foley, with a floor length gown of lavender net and a basket of violets mixed with spring flowers. The ring bearer was Monty Foley, nephew of the bridegroom.

Completing the bridal party, Thomas Foley served his brother as best man; ushering were another brother, John Foley, and Terry Tome, all of Warren.

Mrs. Coppola chose a powder blue silk organza sheath, matching straw-floral picture hat, and corsage of red Sweetheart roses. Mrs. Foley wore a navy blue silk suit, pink floral hat and Sweetheart roses in the same shade.

The reception for more than 500 guests followed immediately at Marconi Outing Club, where appointments featured a four-tier cake topped with miniature bride and groom, a center arrangement of lavender and white mums, and snailax and ferns on all the tables.

Out of town guests came from Buffalo, Olean, Jamestown, Dunkirk, Eggertsville, Allegany, Lakeview and Kenmore, N. Y.; Fairlawn, N. J.; Columbus, O.; Kane, Clarendon, Sheffield, Erie, Bradford and Youngsville.

When the couple left for a honeymoon in Florida, the bride wore a black and white suit, matching accessories, and a white orchid.

Returning, they are at home to friends at 102 Jackson avenue. The bride is employed as a secretary for Pennsylvania Gas Company; the bridegroom, who served two years with the Army, is employed by Loranger Flashes Corporation. Both are Warren High School graduates.

Hostesses who have honored the bride were Mrs. Myer Papalardo and Mrs. Anthony Foti, Jamestown; Carol Anderson and Beth Proukou; Mrs. John Foley, Mrs. Thomas Foley and Judith Coppola; Gas Company employees.

Anniversary Homecoming

The 50th anniversary of the Sunday school and Homecoming Day will be celebrated at the Starbrick Community church on Sunday, May 3, and Pastor Frank A. Kehrl extends a cordial invitation to all friends to "come and spend the day of May 3rd in the church by the side of the road".

The present Union Sunday School was organized in January, 1909, by the Rev. Kehrl, then a missionary of the American Sunday School Union, and was conducted in a one-room brick schoolhouse which stood along Route 6 below the railroad crossing.

Built by the German folks at Brookston in 1918 the present church has had a great spiritual history. When the tannery at that place was closed down, the people were forced to seek employment elsewhere, and the church was torn down and moved to its present site at Starbrick. Later, an addition was built, alterations made and a basement constructed, so that at present it is a beautiful, simple building that graces its community.

Preparations are being made for an uplifting and helpful celebration for Homecoming Day. Mr. Kehrl, acting pastor, heading the following committee on arrangements: The Rev. A. E. Kaebnick, Carl A. Roberts, Mrs. Calvin H. Buerkle, Mrs. C. Dicht and Mrs. Louis N. Ladner.

The program will consist of both morning and afternoon services, with a basket dinner at the noon hour. Sunday school will be at 9:45 a. m., with Jefferson Men's Bible Class of Warren's First Presbyterian church attending and providing a musical number. A talk to the children will follow, and the morning worship will be observed at 11:00 o'clock.

Beginning at 2:00 p. m., short talks will be given by former missionaries and workers; there will be special music by Sunday school classes and others; and an address by Rev. John Z. Andree, of Warren's First Church of the Nazarene.

IRVINGDALE PTA The April meeting of Irvingdale PTA will be held at 8:00 p. m. Tuesday, when movies will be shown by Gilbert Reier. Devotions will be in charge of

Mrs. Wilbert Knapp, and refreshments chairman is Mrs. Ed Bosch.

Penn State Experts Garden Club Guests

Warren Garden Club members were fortunate to have two Penn State University specialists present for their monthly meeting Thursday evening in the YWCA activities building.

Dr. Lloyd Adams, plant entomologist, and Dr. Allen Bauer, plant pathologist, discussed insect and disease control as it pertains to lawns, shrubs and flower gardens. Interesting slides accompanied their talks and an informal question period followed.

Dr. Lee Borger conducted the business meeting and made a brief report on the "Landscaping Program" in Erie, sponsored by the Eighth District of Federated Garden Clubs. Dr. and Mrs. Borger, Dr. and Mrs. James Richards attended from the Warren Club.

Dr. Borger announced Warren Garden Club would like to place planter boxes on the street in the "400 Block", to be filled with geraniums and petunias. Permission of council must be granted, however, and the safety committee is now considering the project.

Warren Garden Club will donate one of the prizes to be given in the forthcoming Woman's Club Art Show.

Members were informed the May meeting will feature a program on colonial Williamsburg. After the program, members viewed several interesting exhibits of the latest in garden equipment, seed, fertilizers, etc., which had been arranged by Hanson's Hardware, Fickett's, and Smith's GLF Lawn and Garden Center.

Refreshments concluded the meeting, served by Mrs. Frank Perrin, Mrs. Lee Borger, Mrs. J. Russell Elliott and Mrs. Roy Hertzell.

JAYCEE AUXILIARY

A good attendance is urged at the YMCA social rooms. Board members will be elected at this session.

Gathered From The Party Line

Feast of the Passover was observed by Jewish patients at Warren State Hospital. Rabbi Kosman conducted the service with volunteer workers, Mrs. Burton Pinsky and Miss Bess Rothschild serving traditional foods.

Mrs. F. J. Kolmair, 14 Dartmouth street, is enjoying a visit to California.

Marine Corps League Auxiliary of the General Joseph H. Pendleton Detachment, will again be hostesses at the Warren State Hospital volunteers' "500" party tomorrow evening.

Golden Age Society members of Warren State Hospital group were entertained this afternoon by the patient's orchestra.

Violet Westburg, 102 Palm avenue, and Florence Bogren, 209 Market street, left today for a week's vacation in New York City.

Dr. Raymond E. Lowe left Sunday by plane for Chicago to attend the meeting of the American College of Physicians, being held this week at the Hilton Hotel.

ATTENDING ANNUAL

Pastor Carl Nelson, of St. Paul's Lutheran church, with Richard Osterman as lay delegate, will represent the local parish at the annual convention of the New York Conference, Augustana Lutheran Church, to be held in Bethany Lutheran church in Jersey City, N. J., April 21-24. Mrs. Ellen Valentine will represent Miriam Society at the WMS sessions.

Teachers Honored at Home Street Meeting

A large group attended the monthly meeting of Home Street Parents' Club, which was preceded by a tureen dinner given to honor the teachers. Gifts of appreciation were presented each teacher; also to Mr. Meeder, school janitor.

Mrs. Ann Zetterlind made the lovely table decorations, which were centerpieces and candleholders of sea shells.

Mrs. George Shirey gave the invocation and read a poem "We're All Teachers". Richard Munch presided. Fourth grade took first attendance prize, kindergarten, second.

The question of serving refreshments was brought up, and it was voted to again serve refreshments at regular meetings, with certain limitations.

The program consisted of a demonstration and talk on Latin American music and dancing by Dick Bove, who showed some beautiful slides taken on a recent trip to Mexico.

Mrs. Patrick Kavinski was chairman of the following dinner committee: Mrs. Donald King, Mrs. Robert Andrews, Mrs. Jack Skinner, Mrs. Richard McKillip and Mrs. Robert Engle.

Next meeting will be May 4, when election of officers will be held.

CALVARY BAPTIST CHURCH ACTIVITIES

Tuesday — 7:45, Sunday School Board at the home of Mr. and Mrs. Lee Olsen; Wednesday—7:00, prayer and Bible study in charge of B. E. Shellen, followed by a short business session; G.M.G. Girls Missionary Circle, annex; Thursday—7:00, Steering committee; Saturday—Prayer for Revival. There will be no meeting of the Boys' Club this week, but the following week a Saturday morning fishing trip is planned.

Rev. Neal Floberg, Sturgeon Bay, Wis., presented two messages yesterday as a candidate for the pastorate. Following the evening service, an informal reception was held in the annex, to give Rev. Floberg an opportunity to meet the congregation socially.

PHC MEETING

PHC will meet for 6:00 p. m. tureen supper Thursday evening with the business meeting scheduled for 7:00 p. m. A social time will follow and a large attendance is urged.

College Student Gives Interesting Oil Talk

Albert J. Ingham, Jr., Titusville student at Allegheny College majoring in history, delivered a paper "Old Time Tales of the Middle of The Barrel" at the 56th Semi-Annual Meeting of the National Petroleum Institute in Cleveland this week.

Ingham spoke at a joint session of the Department of manufacturing and the department of standards and tests that was considering the increasing use of Kerosene in heating and as a jet fuel.

The symposium was headed by Robert E. Yancey, vice president of the Ashland Oil and Refining Company. Other speakers included C. T. Stone, Esso Standard Oil Company's special representative to the aviation industry on "Jet Fuel—A Status Report"; Robert Gray, editor of "Fueloil & Oil Heat," on heating oil demand; and Arnold M. Leas, director of the technical service, Ashland Oil Company, on middle distillate production.

Ingham's paper traced the knowledge and development of uses for petroleum from some 2,000 years before the birth of Christ with particular reference to the pre-Drake use of coal oil and the products of early attempts at distillation. He used slides from Drake Museum to illustrate portions of the address.

Ingham is the son of Dr. and Mrs. A. J. Ingham, 315 West Main street, Titusville. He is a veteran of U. S. Army service with 18 months in Germany, and will graduate in June with a degree in history.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bin-Dyne*) — discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name *Preparation H*.* At your druggist. Money back guaranteed.

Pirates To Open Short Home Stand At Forbes Field

PITTSBURGH (AP)—More confident after breaking a five-game losing streak, the Pittsburgh Pirates open an abbreviated home stand with a game tonight against the Philadelphia Phillies.

Relieved fans were hopeful the Pirates' display of power in a rain-soaked weekend series with the Braves in Milwaukee was a sign of better days ahead.

Not since 1955 when they dropped seven straight games had the Pirates gotten off to such a poor start.

But Friday they began to flex their muscles in a game cut short by rain with the score tied 2-2. Saturday the Bucs continued to hit and won easily 11-5. Battery mates Smoky Burgess and Vern Law smacked homers. Sunday's game was postponed because of cold weather.

Bob Skinner will be out for at least a few days with a back injury suffered when he smashed into Milwaukee's wire fence while making a spectacular catch Saturday.

The Pirates and Phils play only one game. Cincinnati comes in tonight for games Wednesday and Thursday, then the Bucs travel to Philadelphia for a weekend series starting Friday night. They come home Monday for a two-week stand against the western clubs.

Knights Swamped 89-29 In Opener On Corry Oval

Northern Area Knights were swamped on their opening track day Friday when Corry Beavers took to the sawdust and cinders on the Beaver oval, posting a lopsided 89-29 win.

Corry captured first position in all events except the shot put, nailed by Knights' Bob Darts.

Big guns for Corry were Ken Downey, winner of 100-yard dash and 440; John Brundage, hurdles and 220; Terry Williams, pole vault and broad jump; and Sid Stewart, mile and half mile races.

Tuesday on Beatty field, Northern Area will participate in a three-club bout with Warren and Kane.

Friday results:
100 yd. dash—Downey (C), M. Work (NA), Van Dresar (C), Time—10.9.
Mile—Stewart (C), W. Vanderhoff (C), D. Work (NA), Time—5:00.6.

Firm Foundation Is a Must

(Fourth of an instructional series written for NEA Service and Times-Mirror).

By DOW FINSTERWALD
PGA Champion

The stance varies with different types of golfers, but I tell the player to stand naturally—like he's talking to someone.

Balance is of the utmost importance, so the weight must necessarily be centered. Balance is a basic essential to swinging the club well.

A common question among beginners is: "How can I tell whether I'm in proper balance when I address the ball?" A simple and effective test is this: Get yourself into address position with knees relaxed, feet the width of the shoulders apart, the weight equally distributed between the ball and the heels.

Then ask your partner to try to push you off balance by poking you on the chest or between the shoulder blades with the finger tips of one hand. If you tip easily, you're out of balance.

I prefer a slightly closed stance for the drive, that is with my right foot withdrawn slightly from the line of flight. The closed stance has a tendency to make the ball hook to the left.

In the open stance, the right foot is placed slightly forward across the line of flight. This has a tendency to make the golfer slice, that is curve the ball toward the right. Slicing is the most pronounced fault of beginners.

Many duffers virtually go into a toe dance at the top of the backswing, with the ball and heel of the left foot well off the ground. Many of the best golfers raise the left heel only an inch or two for wood shots and longer irons, and just perceptibly, if at all, on short iron shots.

A firm foundation is imperative to sound swinging. If you get up onto the left toe, you destroy this foundation, and with it good balance.

Comeback Week For Two Former Welterweights

By MURRAY ROSE
Associated Press Sports Writer

This is comeback week for two former welterweight champions, Virgil Atkins and Tony DeMarco. The 31-year-old Atkins is getting a return title shot at the man who dethroned him—Don Jordan—and DeMarco is fighting to see if he still has anything left.

Although he absorbed a sound shellacking from Jordan at Los Angeles last Dec. 5, Atkins has been made the 6-5 favorite to regain the crown at the Kiel Auditorium in St. Louis Friday night. The 15-rounder will be telecast nationally (NBC 10 p.m., EST) with St. Louis blacked out.

Jordan, 24, has made tremendous strides in the last year. He won nine straight, including the title victory over Atkins and a Jan. 22 tuneup over Alvaro Gutierrez in three rounds. His record is 44-11, including 15 knockouts. Atkins, 49-19-1 record, including 29 kayos.

After being knocked out twice by Atkins, Oct. 29, 1957 and Jan. 21, 1958, DeMarco quit the ring. Fourteen months later, the 27-year-old Bostonian started a comeback. He stopped Curley Monroe in the eighth round, March 11.

Now hard-hitting Tony goes after No. 2 against Eddie Connors, a confident youngster from Boston, in a ten-rounder at the Boston Garden tonight.

Middleweights also are featured in the Wednesday night television (ABC 10 p.m., EST) ten-rounder at Chicago Stadium. Spider Webb, third-ranked 160-pound contender from Chicago, takes on muscular Neal Rivers at Las Vegas in a return bout. Webb outpointed Rivers in New York two years ago. Winner of three straight by kayos, Webb's record is 32-4 including 18 kayos. Rivers, also winner of his last three scraps, has a 45-9-2 record, including 27 kayos.

Knights Swamped 89-29 In Opener On Corry Oval

Northern Area Knights were swamped on their opening track day Friday when Corry Beavers took to the sawdust and cinders on the Beaver oval, posting a lopsided 89-29 win.

Corry captured first position in all events except the shot put, nailed by Knights' Bob Darts.

Big guns for Corry were Ken Downey, winner of 100-yard dash and 440; John Brundage, hurdles and 220; Terry Williams, pole vault and broad jump; and Sid Stewart, mile and half mile races.

Tuesday on Beatty field, Northern Area will participate in a three-club bout with Warren and Kane.

Friday results:
100 yd. dash—Downey (C), M. Work (NA), Van Dresar (C), Time—10.9.
Mile—Stewart (C), W. Vanderhoff (C), D. Work (NA), Time—5:00.6.

Firm Foundation Is a Must

The stance varies with different types of golfers, but I tell the player to stand naturally—like he's talking to someone.

Balance is of the utmost importance, so the weight must necessarily be centered. Balance is a basic essential to swinging the club well.

A common question among beginners is: "How can I tell whether I'm in proper balance when I address the ball?" A simple and effective test is this: Get yourself into address position with knees relaxed, feet the width of the shoulders apart, the weight equally distributed between the ball and the heels.

Then ask your partner to try to push you off balance by poking you on the chest or between the shoulder blades with the finger tips of one hand. If you tip easily, you're out of balance.

I prefer a slightly closed stance for the drive, that is with my right foot withdrawn slightly from the line of flight. The closed stance has a tendency to make the ball hook to the left.

In the open stance, the right foot is placed slightly forward across the line of flight. This has a tendency to make the golfer slice, that is curve the ball toward the right. Slicing is the most pronounced fault of beginners.

Many duffers virtually go into a toe dance at the top of the backswing, with the ball and heel of the left foot well off the ground. Many of the best golfers raise the left heel only an inch or two for wood shots and longer irons, and just perceptibly, if at all, on short iron shots.

A firm foundation is imperative to sound swinging. If you get up onto the left toe, you destroy this foundation, and with it good balance.

Rookie's Pinch Hit Spells Defeat for Unbeaten Indians

By JACK HAND
Associated Press Sports Writer

If the New York Yankees have another Zeke Bella to ship to their Kansas City "farm club," the Athletics will be glad to pay the freight.

Bella, shunted to the A's as part of the deal that brought Murry Dickson to Yankee Stadium last fall, came through with a big hit Sunday in Cleveland. The rookie's pinch double with the bases loaded knocked the Indians out of the unbeaten class and gave Kansas City a 4-3 victory.

Herb Score had pitched a terrific game for eight innings. The A's had been shut out with only two hits and trailed 2-0. Even Bill Tuttle's leadoff home run didn't seem too serious. However singles by Hector Lopez and Roger Maris, a walk to Hal Smith and Bella's double—driving in three runs—ended the Tribe's streak at six straight.

Frank Malzone, a boy from New York's Bronx who wound up with Boston, came through with a 12th inning home run off Ryne Duren for a 5-4 Red Sox decision over the Yankees.

Baltimore staged a wild rally, scoring six runs in the seventh on an opening 7-5 victory over Washington but the Senators came back to take the rain-delayed second 4-2 behind Russ Kemmerer. Cold weather postponed the Detroit at Chicago game.

Even in defeat, the Cleveland club managed to come up with a homer. Woody Held smashed his fifth of the year in the bottom

Antonelli Boasts Shiny 3-0 Record for San Francisco

By JACK HAND
Associated Press Sports Writer

San Francisco finally is getting a look at the real Johnny Antonelli, the man who must win and win big if the Giants are to jolt Milwaukee loose from the National League pennant.

A year ago Seals Stadium fans must have been wondering if it was true what they read about Johnny. He didn't win a game until April 26 and he didn't grab his third until May 18. He struggled around .500 until midseason and finally wound up at .16-13.

This is a new year and a new Antonelli. The 29-year-old left-hander from Rochester, N.Y., boasts a shiny 3-0 record. He scattered eight hits Sunday while pitching the Giants to a 3-1 victory over St. Louis.

Los Angeles stuck on the heels of the Giants by scoring five in the eighth inning to beat Chicago 8-3.

Johnny Podres, who usually does his best in the Coliseum, recovered from a miserable start and threw a four-hitter at the Cubs for his first victory.

Duke Snider finally came through with his first homer of the year, moving into 10th place on the all-time list. It was his 32nd homer, moving him ahead of Hank Greenberg on the role of select sluggers.

Cincinnati's power-packed lineup did a little slugging at Crosley Field, burying the Phillies 12-5 despite some unsteady pitching by rookie Jim O'Toole. After the rookie had walked seven, Manager Mayo Smith brought in Bob Mabe to take over in the fifth. Mabe allowed only two hits in 4 2-3 innings.

Frank Robinson continued his slugging spree, knocking in four runs with a homer and a single. It was his third home run of the season.

Milwaukee had to postpone its scheduled game with Pittsburgh because of cold weather and a threat of rain.

In the American League, the Cleveland Indians finally were beaten after winning six straight. Kansas City did the job 4-3, scoring four in the ninth off Herb Score.

Frank Malzone's 12th inning home run off Ryne Duren gave Boston a 5-4 decision over the New York Yankees.

The Detroit at Chicago game was postponed because of cold weather.

Baltimore and Washington split a pair at Baltimore, the Orioles rallied with six runs in the seventh to grab the opener 7-5. Russ Kemmerer went the route for Washington in its 4-2 second game triumph.

Blake Fails To Single Out His Greatest Team in Four Cup Years

MONTREAL (AP)—Toe Blake, the most successful National Hockey League coach of all time, refused today to be pushed into a corner.

Blake has been the pilot of the Montreal Canadiens four years. Four years he has won the Stanley Cup.

Is this the best of all his teams? "It's a great team," the 46-year-old Blake said. "But I can't honestly say this is the greatest of my Montreal teams. But these fellows are not ordinary players, either."

He refused to say which of his four Stanley Cup winners he considered the greatest.

The Canadiens went their fourth straight Stanley Cup—an unprecedented achievement—Saturday night when they turned back the Toronto Maple Leafs 5-3 to make the final series count, 4-1.

Blake singled out Bernie (Boom Boom) Geoffrion as the big difference.

"Without him we might have been in trouble," said Blake, recalling that the Canadiens' two big guns, Maurice (Rocket) Richard and Jean Beliveau, both were sidelined with injuries.

Geoffrion scored two goals in the finale.

As a result of winning both the NHL race and the Stanley Cup, each Canadiens will be about \$4,000 richer. The Leafs will collect \$2,150 each.

Miss Poker Face Holds Money and Stroke Leads

DALLAS (AP)—Louise Suggs, is imperturbable as her putter earned women's golf both in money and stroke average today as the tour moved on to Spartanburg, S. C.

Miss Suggs took over top billing with victory in the \$10,000 Dallas Yoman's Open Sunday.

Three first places and three seconds in 11 tournaments built the acepot to \$6,963.72 for Miss Suggs, dubbed Miss Poker Face of golf.

Her stroke average is under 3 per round. She led with 73.85 going into this tournament and averaged 71.75 Sunday in winning the Dallas Open with 287 for 72 holes and taking \$1,662.50.

Miss Suggs came into the eighteenth hole Sunday tied with Wiffi Smith of St. Clair, Mich., for the lead if she got par 4 on the final green. However, she laced her second shot within eight feet of the cup and sank the putt that prevented a playoff.

Miss Suggs closed out with a 72 while Miss Smith also shot the same total and finished with 288, winning \$1,282.50.

Third was Joyce Ziske of Waterford, Wis., who had a closing 71 and wound up with 294 for 72 holes and won \$397.50.

Betsy Rawls of Spartanburg, S. C., took a 77 for 295 and fourth place winning \$331.25.

Penelec Selects Erie As Western Operating Base

In a move designed to better meet problems arising from a rapid growth in sales, Pennsylvania Electric Company has selected Erie as headquarters for Western Operations, it was announced today by Louis H. Roddis, Jr., president.

Morris M. Devorris, Eastern Division manager at Altoona, has been elected vice president of Western Operations and will establish headquarters in Penelec's service center in Erie, May 1. He will have general supervision of the Northwest and Northern Divisions.

Kenneth H. Ishler will continue as manager of the North-western Division with headquarters in Erie and district offices at North East, Albion, Meadville and Corry. Royal A. Pickup will continue as Northern Division manager with headquarters in Oil City and district offices in Franklin, Bradford, Warren, Knox and Titusville.

Penelec's Central, Eastern and Northern Divisions, with headquarters at Clearfield, Altoona and Towanda respectively, will become part of an Eastern Region in charge of Russell A. Shumaker, also elected a vice president at the Board of Directors meeting. Southern Division will remain a separate unit under direct supervision of the president.

Roddis also announced the appointment of J. Franklin Smith, Altoona, to co-ordinate activities between the company and the 14 Rural Electric Co-operative Associations which together constitute Penelec's largest customer. "As they are selling electricity to 70,000 customers within our area, it will be mutually beneficial to better co-ordinate our activities," Roddis said. "This is especially true in the sale of electrical appliances, equipment and machinery for use by residential, commercial and industrial customers."

Frank W. Womer, Jr., of Clearfield was appointed manager of the Eastern Division to succeed Devorris and David J. Bechtold of Towanda was named Central Division manager, succeeding Womer.

NEW SECRETARY OF STATE HERTER

Successor to John Foster Dulles as secretary of state is Christian A. Herter, shown in recent photos. As acting secretary of state, the 64-year-old former Massachusetts governor assumed Dulles' duties during the latter's illness.

By LEWIS GULLICK
WASHINGTON (AP)—Tall, soft-spoken Christian Archibald Herter has a reputation for winning and keeping friends.

This talent has paid off handsomely in his political career. It will be valuable, too, when he becomes secretary of state, the new job President Eisenhower today picked him to fill.

Whether Herter has the toughness the Russians seem to respect more than friendliness remains to be seen. For although Herter as undersecretary for the past 26 months has been the No. 2 man in the State Department, that gave him little chance to represent the United States at the international conference table.

Until illness forced him to yield that role, John Foster Dulles ran pretty much of a one-man operation in the negotiating field.

Things will change fast for Herter now. Already he is committed to attend at least two international sessions on the German problem—at Paris starting April 27 and at Geneva beginning May 11. Both are expected to require the utmost in diplomatic skill.

Herter grew up in the foreign affairs field. He was born 64 years ago in Paris, where his parents, artists Albert and Adele Herter, were studying.

He was graduated from Harvard University with honors in 1915.

Herter had first decided he wanted to be an architect. But tales of life abroad caught his imagination as a young man, and he enlisted in the U.S. Foreign Service.

In 1919 Herter went to Germany with Herbert Hoover to help direct the American Relief Council there. Later he became an assistant to Hoover when Hoover was secretary of commerce.

The youthful Herter got into Massachusetts politics in 1931, winning a seat in the lower chamber of the Massachusetts General Assembly. By 1939, he was speaker of the Massachusetts House, a post he kept four years.

By 1942, Herter was ready for bigger game—Congress. He barely managed to squeak by in his first try—by a margin of 2,900 votes.

The story was much the same when Herter decided to run for governor of Massachusetts against Paul A. Dever in 1952. Most observers didn't think he had a chance, but he came through with a 14,000-vote edge.

When he ran for governor a second time in 1954 Herter piled up a 75,252 margin over his opponent, even though he was running as a Republican in a year when Democrats seemed to be ruling the roost.

Herter was an early backer of Dwight D. Eisenhower for President. And in 1956 he agreed to return to Washington, as under-secretary of state.

Meanwhile, during his decade on Capitol Hill, as well as earlier, Herter had become known for his activities in foreign relations.

Herter is reputed to have a tremendous capacity for absorbing and retaining information.

Herter, like Dulles, also likes to travel. There is some doubt among State Department aides, however, that the new secretary will fly overseas as frequently as Dulles did as secretary.

Instead of trying to do everything himself, Herter has a reputation for delegating authority.

Assistants say he avoids trying to dictate a solution to any problem that is being considered. Rather he prefers to get people to work out and talk out their differences.

But when Herter thinks patience is no longer a virtue, he makes a decision and tells the others about it, aides say.

The Herters were married Aug. 25, 1917, and have four children: Christian Archibald Jr., Frederic Pratt, Adele (Mrs. Joseph Serone) and Eliot Miles. There are a dozen grandchildren.

Calendar for Coming Year For Brokenstraw Discussed

At the April meeting of Brokenstraw Valley Joint School Committee, the date of August 31 was set for opening of the 1959-60 term, and the supervising principal was instructed to present at the May meeting recommendations for the complete school calendar for the coming year.

It was decided all schools in the system will operate on Eastern Daylight Saving Time from April 25 to October 25, coinciding with dates established by borough officials in Warren and Youngsville. The board objects to having fast time extend into October, but it was felt confusion encountered last year with an earlier return to Standard Time might be eliminated in that way.

The board also discussed possibility of lengthening the teacher-contract year, but this matter was tabled until the next meeting. Letters of resignation were read from Jane I. McKee, English teacher in Junior High, and Angela McNeils, home economics, both of whom plan to be married this summer.

John Lyon, Youngsville, was hired to a custodial staff vacancy.

In his report, the supervising principal listed the chest X-ray schedule, 1:00 to 4:00 p. m. April 23 at the high school, when all 11th and 12th grade pupils having parent-permission slips will be X-rayed. The unit will then move to Pittsfield from 6:00 until 9:00 to serve the public of that community and area.

Mr. Sherwood called attention to information from Civil Defense Director W. C. Fuelhart concerning National Alert Day April 17, and evacuation plans for the schools were discussed. Details of two such plans will be given all students and parents in the near future.

He also reported there will be no state reimbursement for lunches or milk served during June, but it was the board's decision the cafeteria should be operated at the usual prices on days school will be in session.

Preparation of the cinder track by maintenance men was reported, completion of the baseball area in connection with the athletic field was discussed and referred to the building and grounds committee for work needed. A motion also made this field available for use by the Hot Stove League and by other organized clubs upon request to school officials.

Approval was given Mr. Sherwood to proceed with a request for purchase of equipment, under the National Defense Education Act; thanks were extended Representative Allen M. Gibson as co-sponsor of House Bill 1108, designed to change and bring up to date state financing of public schools; support was pledged in any financial program the adoption might necessitate.

The board stressed importance of individuals and groups informing themselves on his bill's contents, and any board within the system will be glad to discuss it with those interested.

Principal Jesse Lyon mentioned acceptance of the application filed recently by the high school for participation in the Traveling High School Science Library, sponsored by the American Society for Advancement of Science and the National Science Foundation, with books to be available beginning in September. This collection will add approximately 200 books to the school library during the term.

The Library report for March showed an average daily circulation of 74 volumes, also the gift of \$16 by classmates of the late Robert Rowland to be used for book purchases. A student committee will assist with their selection.

FUNERAL INFORMATION WILL BE FOUND UNDER ANOTHER HEADING

EMERSON B. BAXTER
Funeral services will be held in Salamanca, N. Y., at 2:00 p. m. Wednesday for Emerson B. Baxter, former Warren man who died in Cedar Falls, Iowa. The Rev. Edward Coolidge, of the Presbyterian church in Allegany, N. Y., will officiate and interment will follow in Wildwood cemetery, Salamanca.

C. A. ANDERSEN
Christian Albert Andersen, 121 Jackson street, North Warren, died about 11:30 p. m. Sunday while en route by ambulance to Warren General Hospital. He had suffered a heart condition for several years.

Mr. Andersen was born in Warren county May 10, 1921, and had been a lifelong resident of the area. Following employment by the Pennsylvania Department of Highways for a number of years, he had worked for the past eight months for the Furniture Express Company in Jamestown.

Besides his wife, the former Martha Andersen, he leaves two daughters, Kristine and Cynthia, at home; his mother, Mrs. Katherine Andersen, Warren; a brother, Donald Andersen, of Russell; a sister, Mrs. LaDora Goodard, North Collins, N. Y.; several nieces and nephews.

Funeral services will be held at St. Paul's Lutheran church at 2:00 p. m. Wednesday, conducted by Pastor J. Edward Lilja of St. John's Lutheran church and followed by interment in Warren County Memorial Park at Starbuck.

LAWRENCE J. HOMER
Funeral services will be held at 2:00 p. m. Tuesday in Sugar Grove for Lawrence J. Homer, 76 year old resident of Yankee Bush Road, who died at his home Saturday morning from a heart attack. Rev. Gene Sackett, of Bethel EUB church of Warren, will officiate, followed by interment in the Kitchen cemetery, Warren RD 2.

Mr. Homer, lifelong resident and farmer of the Sugar Grove area, had been active in Sugar Grove IOOF Lodge and Chancellors Valley Grange.

He is survived by his wife, Mrs. Ruth Johnson Homer; a daughter, Mrs. Cecile Atkins, Clarendon; three grandchildren; four great-grandchildren; a sister, Mrs. May Mead, Warren.

WALTER S. SCHATZLE
Walter S. Schatzle, aged 79 and resident of Parker street extension, died at his home shortly after midnight, having been in failing health for some time.

Mr. Schatzle was born in North Warren August 12, 1879, and had been a resident of this area all his life. Prior to his retirement in 1954, he owned and operated the Schatzle Gravel Pit in Parker street extension for many years. He was a member of Warren Grange No. 1025.

HARRY F. NELSON
Largely attended funeral services were held at 2:00 p. m. Friday for Harry F. Nelson, former well known local resident, who died on Guam April 3. Pastor Carl Nelson, of St. Paul's Lutheran church, conducted the rites and the following served as bearers for interment in Oakland cemetery: N. K. Wendelboe, S. I. Sasserson, Thorsten Milenius, Sherman Bisson, Donald Schuler and Howard B. Casey.

Past Commanders of Chief Complanter Post 135, American Legion, paid their respects as a group at the funeral hall Thursday evening at 7:30, and military rites at the graveside were conducted by the Post.

Commander, Walter Ahlquist; Chaplain, Harold Johnson; bugler, Marshall Svensen; firing squad, with Ed Nasman as commander, Greg Berger, Stewart Winerter, Ed Stuhl, Orrin Wood, and Robert Lundberg; color guards, Gerald Simpson, Charles Kirchartz, Floyd Ahlquist, William Walker, Robert Schatzle and Dr. John Larson.

In attendance from away were Mr. and Mrs. Paul Nelson and family, Cleveland, O.; Mr. and Mrs. Richard Nelson, Bradenton, Fla.; Dr. and Mrs. J. Gale Gage, Mr. and Mrs. Richard Gage, Mr. and Mrs. Frank Faires, Miss Helen Faires, Stockport, O.; Wilfred W. Walker, Granville, O.

Memorial services for Mr. Nelson were held on Guam Sunday, April 5, conducted in the Navy Chapel by Chaplain Gerald Sargent.

EMERSON B. BAXTER
Friends are being received at the O'Rourke and O'Rourke Funeral Home in Salamanca, N. Y., 10:00 a. m. to 10:00 p. m. daily, and services will be held there at 2:00 p. m. Wednesday. The Rev. Melvin Lockhard, of Pilgrim Holiness church, will officiate and interment will be made in Pine Grove cemetery at Russell.

WALTER S. SCHATZLE
Friends will be received at the Templeton Funeral Home at the usual calling hours, starting at 7:00 p. m. Tuesday, and services will be held there at 2:00 p. m. Thursday. The Rev. Ralph Findley, of Grace Methodist church, will officiate and interment will be made in Oakland cemetery.

LAWRENCE J. HOMER
Friends are being received at the Schoonover Funeral Home in Sugar Grove and services will be held there at 2:00 p. m. Tuesday. The Rev. Gene Sackett, of Bethel EUB church of Warren, will officiate and interment will be made in Kitchen cemetery, Warren RD 2.

CHARLES D. DAVIS
Charles D. Davis, aged 76 and lifelong resident of Bear Lake, died at 7:30 p. m. Saturday in Corry Memorial Hospital, following a short illness. Mr. Davis was born in Sugar Grove September 10, 1882, the son of Lytle and Stella Gregg Davis. Surviving are his wife, Adella Hamilton Davis, and one son, James Gregg Davis, Bear Lake.

Dalai Lama

home in exile.

By JOHN RODERICK
TOKYO (AP) — Red China apparently has been stunned by the Dalai Lama's insistence that it savagely suppressed the Tibetan independence movement and forced him into exile.

This is suggested by the sudden interruption of the plenary sessions of the Chinese Parliament in Peking, and the official silence the Reds have maintained toward the fugitive young ruler's statement.

The Communists have been insisting that the Tibetan rebels forced the Dalai Lama to flee with them.

properties in Bolivia were nationalized in 1952. Aramayo now lives in Europe.

Nationalization of the tin mines and land reform were the two chief planks in the MNR program, but the tin nationalization particularly has not produced the prosperity the party anticipated.

The country's economic position has worsened steadily despite considerable U.S. aid. Tin miners have struck twice in the past six weeks in protest against higher commissary food prices which the government ordered at the urging of the international monetary fund.

YM Plans Annual Meeting
Plans are being completed for the 73rd annual meeting of the Warren YMCA. The dinner meeting will be at the Y.M.C.A. on Monday, May 18th at 6:30. Karl G. Tumm, chairman for the meeting, announced that David Tin Hla, above, National General Secretary of the YMCA of Burma will be the speaker.

David Tin Hla assumed this post soon after the termination of Burma's occupation by the Japanese, following World War II, at a time when 90% of Rangoon was destroyed, most of the YMCA's property lay in ruins, and not one scrap of paper remained of prewar YMCA records.

Tin Hla is a colorful personality whom the YMCA has been fortunate to secure as its national leader. Coming of a Christian family, a Burman, he was sent as a boy to the United States and remained for 16 years, attending Baptist schools. He was graduated from Denison University, from which he later got an honorary degree, and then returned to Burma. He became national director of physical training and held a post in a training college. He traveled throughout the country, holding institutes and introducing modern forms of sport. During the war he was an officer and went through difficult times with his family, at one time being at the point of death. David Tin Hla is one of the best known men in the country and a close friend of other national leaders.

It is not too early to make your plans to attend the YMCA Annual meeting and hear David Tin Hla, speaker extraordinary.

Varied Bear Success
Hunters reported taking 439 legal bears in Pennsylvania during the six day 1958 season. Males numbered 231, females 208. Highest number for one day, 201, was taken on the operation.

Year to year fluctuations in bear population and bear harvest in numerous counties in recent years, provide an interesting study. Habitat changes and abundance or scarcity of natural foods in certain years undoubtedly influence bears either to remain in summer localities or to move to greener pastures.

Another important item: tracking snow contributed to the success some seasons; bare ground reduced the take during others. Over the last five years the bear kill score for the better bruin counties, with the harvest presented in chronological order, 1954 through 1958 shows:

Northwest-Warren: 19, 10, 8, 10, 9. Forest: 36, 20, 13, 10, 16. Jefferson: 12, 9, 17, 10, 1. Clarion: 1, 8, 14, 8, 4. Northcentral: McKean: 13, 34, 12, 21. Elk: 31, 17, 27, 21, 39. Cameron: 46, 14, 4, 34, 31. Clearfield: 12, 6, 14, 9, 11. Potter: 15, 43, 18, 8, 30. Figures were also available for other Northcentral and North east counties.

Belle and Ostwind Are After Passport Hearing
RIO DE JANEIRO (AP) — Earle Belle and Mitchell Ostwind, one time Pittsburgh financiers accused of fraud, are seeking a hearing on the invalidation of their passports by the U.S. State Dept.

Malcolm Hallem, U. S. consul here, made the disclosure Saturday. He said he is awaiting instructions from Washington on how to proceed and no date for a hearing has been set.

Belle and Ostwind, who have been living in Rio de Janeiro since last July, are under federal indictment charged with fraud and conspiracy in connection with financial dealings.

The two men said they requested a hearing on invalidation of their passports because there are no conditions in their cases which would warrant such action.

Britain Press Hails Herter's Appointment
LONDON (AP) — Britain's press over the weekend greeted Christian A. Herter's appointment as secretary of state with varying shades of emotion ranging from sharp criticism to hopeful enthusiasm.

The British Labor party organ cited Herter's arthritic condition and said his new job is "too much for any pain-racked invalid." In a blunt editorial, the Daily Herald declared that sick old men cannot rule the world and said President Eisenhower "is a broken man, incapable of the energy required to grasp important matters for any length of time."

Most British papers expressed profound hope that Herter would succeed in his new post.

Charges Mine Owner Embarrassed Probers
HARRISBURG (AP) — The head of a legislative investigating committee accused a Luzerne County Coal mine owner today of trying to embarrass the lawmakers in the probe of a mine disaster.

But Sen. Frank Kopriver (R-Allegheny) made it clear that he would do all he could to keep Louis Fabrizio from "frustrating the committee's work."

"I'll stop at nothing to command the respect of the committee," Kopriver said in reference to Fabrizio's refusal to testify before the 10-member committee.

Bulletins
HARRISBURG (AP) — The state Highways Department today went ahead with plans to make some 15 million dollars in accelerated state payments to local governments for roadway improvements.

HARRISBURG (AP) — There are no plans to bring the horse racing referendum bill up for a showdown in the House this week, Rep. Charles J. Mills (D - Westmoreland) said today.

WASHINGTON (AP) — A million dollar appropriation for research into the use of coal for road construction and surfacing would be granted the Curtiss-Wright Corp. laboratories at Queens, Pa., under a bill introduced by Rep. Van Zandt (R-Pa.).

HARRISBURG (AP) — Gov. Lawrence sought support for a plan under which he said Pennsylvania can participate in an interstate exchange of welfare services at no cost to the Commonwealth.

WASHINGTON (AP) — The United States and Canada announced today they will collaborate in rocket and satellite experiments to learn more about the arctic upper atmosphere.

LONDON (AP) — San Francisco and Quebec appeared today to be gaining favor among the Western powers as site for the projected summit conference—with the odds slightly on Quebec.

WASHINGTON (AP) — The new Republican national chairman predicts budget balancing will not be a major issue in the 1960 presidential election.

SEATTLE, Wash. (AP) — Sen. Hubert Humphrey (D-Minn) was scheduled to speak at the University of Washington today in one of several appearances in the Evergreen State designed to "let the people take a good look at me."

AUGUSTA, Ga. (AP) — President Eisenhower today asked Congress for an extra 45 million dollars for use to press for achievement of manned space flight.

NEW YORK (AP) — The stock market moved further into record high territory under the continued leadership of American Telephone early this afternoon. Trading was active.

Subsidies for School Districts Are Ready
HARRISBURG (AP) — Subsidies due the state's first, second and third class school districts should be ready for mailing this week, a treasury department official said today.

The official, who declined to be identified, said receipts from the corporation taxes due April 15 should be enough to pay the \$1 million dollars due the districts as their semiannual share of state aid.

State Treasurer Robert F. Kent said earlier this month that the subsidies to the other districts could not be mailed out the first of the month because of insufficient funds in the state's cash register.

Woodpecker Found Hammering Upon TV Aerial
RYE, N. Y. (AP) — Ten days ago a staccato knocking and banging awakened the Richard Spath household at 5 a.m.

"Good heavens," said Mrs. Spath, "whatever can that be?" "Must be the plumbing," said her husband.

No, it wasn't the plumbing, said the plumber. Second day: same time, same noise. Spath called in a heating engineer. Not the heating, said the engineer.

Third day: ditto time and racket. Gas man called, no defect, the man said.

Fourth day: same old time and tribulation. Spath donned a robe and hurried outside. There, in the dawn, he saw the culprit: a downy woodpecker hammering like mad on the television aerial.

"Go home," "shoo," and rocks and hand-clapping failed to scare away the bird.

Wednesday, Spath consulted the National Audubon Society. Advised the society: Turn the garden hose on him; or get a toy pop gun and frighten it; or get a fireworks permit and shoot some roman candles at it.

Spath has decided to use the hose treatment first. He'll probably get help from his wife and their two youngsters, Greg, 5, and John, 3.

That downy woodpecker isn't just a mean old cuss, said the Audubon Society. He's merely using the TV antenna as a sort of sounding board to issue a spring love call.

At any event, the spokesman continued, the hammering won't go beyond the next few weeks or so. By that time, the bird either will have found a mate or will give up. And what's more important to the Spaths, it will go away.

HIGHWAY FATALITY
CHARLOTTE, Pa. (AP) — Wilbur Fletcher, 63-year-old veteran employee of the West Penn Power Co., was killed Sunday night as his auto left a rural road and hit an embankment about two miles west of Charleroi.

Fletcher, who was a power company foreman here, was en route to his nearby home after work. He was alone. Washington county officials said Fletcher had an excellent safety record and are continuing their investigation to determine if his auto was forced from the road.

It looks like modern women would rather be breadwinners than bread bakers.

Henderson, N.C., Is Returning to Normal
HENDERSON, N.C. (AP) — Order returned to the Harriet-Henderson Cotton Mills today, its violent five-months-old strike officially ended.

The early first shift of workers reported as usual, but the lines of angry strikers and squads of highway patrolmen were absent.

This mill town, scene of rock throwing, fighting and almost nightly dynamite blasts, began to slip back into its old pattern.

The mills, which had been operating on a limited basis since Feb. 16, scheduled a second shift later today. A third shift will be added next Monday.

Boyd Payton of Charlotte, Carolina director for the Textile Workers Union of America, said only about 35 of 900 union members voted against ratification of a new one-year contract Sunday.

Salvation Army Board Will Hear New York Worker

Lt. Colonel Lulu Sehl, assistant secretary for the Legacy, Annuity and Legal Department in Eastern Territorial Headquarters of the Salvation Army in New York City, will speak at the regular monthly meeting of the advisory board at a dinner meeting to be conducted April 21 at 8:00 p. m. at the YWCA. Members of the bar, and trust officers of the banks of this area have also been invited to attend this meeting.

Mrs. Major Ann Ruley, manager of the Evangeline Hotel for working girls, will accompany the Colonel on her visit to Warren.

The Colonel, who entered the Salvation Army Officer's Training School from New Haven, Connecticut, has held posts as officer-in-charge of Salvation Army work in various New England towns. She has headed work with Girl Guards in six New England states from Headquarters in Boston, and was also Private Secretary of the New England Provincial Commander.

Lt. Colonel Sehl was among the delegates from the United States who attended the International Conference in London conducted by the General which launched the re-establishment of the International Staff College in London where, in continuous sessions, Salvation Army officers from all over the world meet to exchange ideas and plans. In her present post, Lt. Colonel Sehl is concerned with the functioning of a highly complicated department of Territorial Headquarters. Handling all legal business for the 11 north-eastern states comprising the Eastern Territory, members of the Legacy, Annuity and Legal Department have extensive knowledge of corporate law and procedures. Within the Territory, The Salvation Army is incorporated in various states and the Army's legal transactions are, as required by law, carried out through these corporations.

One branch of activity in the Department is the sale of annuities. This enterprise is carried on with a full promotional program and paid advertising in many prominent newspapers. The Salvation Army is a member of a conference of religious, charitable and educational organizations, all of which carry on such a program under the supervision and control of the New York State Insurance Department. Uniform rates are agreed upon by these organizations, thus eliminating any competitive spirit in this activity. The Department also handles all Estate cases in which The Salvation Army has an interest which are awaiting settlement. This is under the supervision of the Colonel.

A graduate of the Women's Law Course at New York University, Lt. Colonel Sehl is an active member of the Women's Law Alumni Association at the University which keeps her in touch with prominent women in the legal field in New York City.

RADIO and TV

By CHARLES MERCER

NEW YORK (AP) — Thelma adlock, a raven-haired, blue-eyed girl from Texas, is equally at ease in a hula skirt, Scottish kilt, an East Indian sari—or on a ballroom floor.

But to her disappointment she doesn't meet many American males who are very good dancers. Except, she says, on "The Arthur Murray Party" (NBC-TV, Mondays, 10 p. m., EST) in which she regularly appears as a dancer.

She will be visible tonight, along with guests Constance Bennett, Marie McDonald, Jimmy McHugh, Bob Carroll, Betty Ann Grove and Phyllis Newman.

Since she left her home in Fort Arthur, Tex., to become a professional dancer, she has appeared in Broadway hits, nightclubs and TV shows. With the company of "Your Hit Parade" she made an extensive tour of the Far East and—"If I have a specialty, you might say it's the international dance."

In short, she can dance everything.

On "The Arthur Murray Party"

she has been amazed, she says, by the ballroom proficiency of guests who are not professional dancers. Who was the greatest? "I just dance and don't judge," she said. "But I'd call Caesar Romero one of the nicest guys we've had on the show—a real smoothy, on and off the dance floor. After only six minutes of rehearsal he led me through just about the best tango I've ever danced to."

But sad to relate, gentlemen, Miss Tadlock rarely finds a Romero among those of us she meets socially.

"Quite a few can do a simple fox trot well, but how many can lead you into the cha-cha?" Women generally are better dancers than men, she believes. "They have to be because they have to try to follow any man who asks them to dance. Usually the greatest weakness of men is that they don't lead strongly enough."

Everybody was unhappy about today's hand. East and West thought they should have

set South two tricks instead of just one and North and South each blamed the other one for getting to that silly game.

North felt that South should have dropped the hand at two diamonds and let East and West make their part score. South claimed that he knew that North had some strength else East and West would have bid more and saw no reason to sell out cheaply. He claimed that North had really trapped him and that North should have either doubled or bid two spades at his second turn to bid.

I am inclined to agree with both North and South. Certainly South had no right to expect that North would show up with so much support for hearts and even with that tremendous pickup South could have been held to eight tricks.

I don't like to sell out cheap but when I have no cards I surrender.

As for North I cannot really criticize his jump to four hearts. After all, South was supposed to know that he was vulnerable but I do feel strongly that

North should have swung into action earlier instead of lying in wait and trapping his unfortunate partner.

A—Bid five spades. Your partner has shown a strong hand and asked you to choose a suit. You are anxious to play a slam and you can stand whichever suit he happens to choose.

TODAY'S QUESTION

You hold the same hand but this time your partner has opened the bidding with three spades and the next hand has passed. What do you do?

DISTRICT MEETING

Jamestown-Warren District EUB Men will meet in Bethel church of Warren at 8:00 p. m. Tuesday for election of officers. Lewis Crippen will show pictures of the General Conference. William Erickson, Erie Conference EUB Men's president, will present some phase of the work. All are urged to make this a time of renewal for work of this organization.

WEEKEND ACCIDENT

Condition of Harry W. Conarro, Jr., 28, of 8 East Third street, was listed as "good" today in Warren General Hospital following a one-car accident early Saturday morning. Conarro was a passenger in a small sports car owned and operated by Creed A. Erickson, Jr., 28, of 107 East street which overturned at Conewango and Third. Erickson was arrested by Borough police for driving too fast for conditions. Investigating Police said the Erickson car was going north on Conewango and attempted a turn onto east Third. The small car went into a skid and struck the north curb and rolled over, pinning Conarro underneath. Erickson was thrown clear.

Swim in Allegheny Taken by Local Boy

First swim of the spring came rather early and unexpectedly for a Warren boy about noon Saturday.

Piloting a small boat on the Allegheny below Hickory street bridge, Jim Cole, of 218 Eddy street, was dumped into the water as his ship capsized.

Cole swam to shore where a friend, Dale Dobbs, of 3 New Court, was standing.

Borough firemen recovered the boat near the railroad bridge by Struthers Wells.

An unidentified man first notified firemen of the mishap.

Control Insects on Strawberries

Size, quality, and yield of strawberries can be greatly improved by controlling spittlebugs and other insects that attack the plants early in the season, says Asst. County Agent, Blaine Schlosser. The yield of berries may be increased as much as 30 per cent when an insecticide is properly applied.

The tiny, orange-colored nymphs of the spittlebug start appearing around the crown of the plant about the time the plants are starting to bloom. A very close examination is necessary to detect them when they first appear. A few days later, small particles of foamy-like spittle shows on the stems and leaves. As the nymphs grow in size, they become greenish-yellow in color and the spittle mass, which surrounds them, increases in size. They usually complete their development in June.

Adult spittlebugs are mottled brown, wedge-shaped hoppers, which are slightly larger than a grain of wheat. They jump like a frog and are often called "frog-hoppers." Proper time to apply an insecticide is just after the young hatch and before much spittle appears on the plant. Generally, good control is obtained by applying the treatment as first normal blossoms appear.

For small plantings, your farm agent suggests mixing 2 tablespoons of either 46 per cent chlordane or 1 gallon of water. Spray the plants at the time mentioned above, using at least 1 gallon of spray to each 25 to 30 feet of row.

For large plantings use either 1 quart of 46 per cent chlordane or 2 E heptachlor emulsion in 100 gallons of water. Do a good job of spraying for best results.

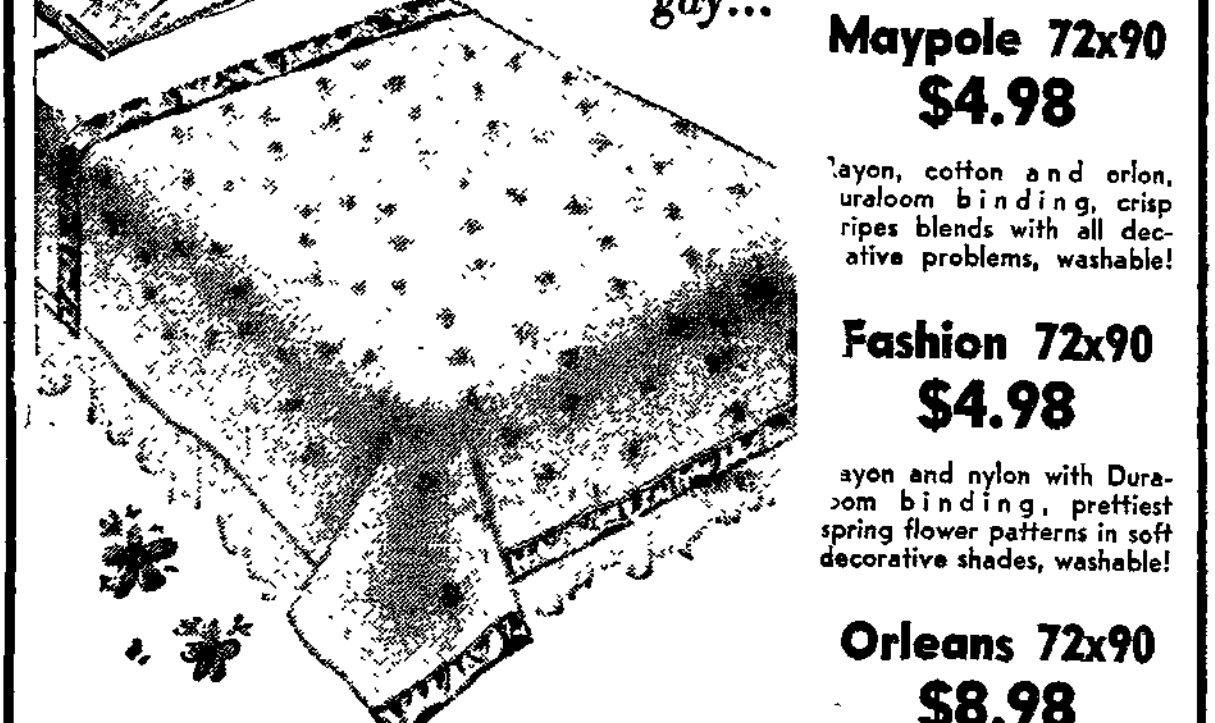

A 5 per cent chlordane or 2½ per cent heptachlor dust may be substituted for the sprays. Large plantings will need 30 to 40 pounds of dust per acre. Small plantings use 4 ounces of dust to each 30 feet of row.
